EASY PAVING

The new installation system

A product by Granulati Zandobbio, designed to ease the laying of sintered stone paving with **40x80 cm** slabs in two different thicknesses: **2 and 3 cm**.

The product is made of 100% post-consumer **recycled plastic** and it is **100% recyclable** after its use. The dry laying simplifies and speeds up installation which does not require glue or concrete.

Its structure was designed to avoid chipping and keep the joint thickness constant along the entire paving, without the use of spacers.

EASY PAVING is a **resistant and drive-over** product for light traffic*, **draining and sound-absorbing**.

Furthermore, being dry laid, the product can be easily removed for possible inspections.

See how easy it is to lay **EASY PAVING**:

*only for slabs with a thickness of 3 cm

DESTINATIONS

COURTYARDS

EXTERNAL AREAS

ADVANTAGES

LAYING INSTALLATION

The tile can easily be laid inside the interlocking tabs

EASY TO LAY

The installation is simple and quick. Ideal for temporary projects and/or for DIY

NO GLUE AND CONCRETE

Thanks to dry laying of EASY PAVING no glue or concrete are needed

40x80 cm

Designed for Granulati Zandobbio 40x80 cm sintered stone tiles in 2 and 3 cm thickness

ECO-FRIENDLY

Made of 100% post-consumer recycled plastic and it is 100% recyclable after its use

DRIVE OVER

When used with 3cm thickness tiles the product is drive over for light traffic

PEDESTALS NOT REQUIRED

EASY PAVING doesn't need additional accessories for its use

CONSTANT JOINT THICKNESS

It guarantees a constant joint thickness without using spacers

DRAINING

The particular structure of EASY PAVING allows for continuous drainage of water

SOUND ABSORBING

The space between the base and the external environment reduces the passage of noises

AVOIDS CHIPPING

The tabs can also be used as tile protective elements in order to avoid chipping

COMFORTABLE PAVING

The material of the product positively affects the comfort of the laid paving

REUSABLE

The installation is not permanent. It can then be removed, reused and relocated

EASY TO REMOVE

The product can be easily removed for possible inspections
